## OFFICIAL BIOGRAPHY

---

23 TheMiracle (born 1993 in Rome, Italy) is a singer-songwriter and record producer. He began studying classical piano at an early age, a foundation that shaped his later work in composition and production.

Around the age of fourteen, he discovered hip-hop, which redirected his focus toward beat-making and production. He spent over a decade working as a producer for other artists before stepping into his own as a solo artist in 2025.

In 2025, he debuted as a solo artist with the single *One More Time*. He later met producer and songwriter Candy Wild, who became his partner, and the two co-founded *The Wild 2ov3birds*, a production duo.

Throughout 2025, he released six singles that together form his debut extended play, *Us*: *One More Time* (March 21), *I Got You* (May 9), *Through My Bones* (June 20), *Sofia's Lullaby* (August 1), *Colors* (September 12), and *Lifetime* (October 24). The EP *Us*, released on December 5, 2025, leans on a Pop-Folk core with hip-hop percussion and minimal electronic touches in its production. All releases were issued through Digger Monkey, with distribution handled by Symphonic Distribution and publishing administered by Sentric Music.

## MUSICAL STYLE & INFLUENCES

Primarily working in Pop-Folk, 23 TheMiracle's arrangements are typically built on piano and acoustic guitar, with hip-hop cadences and electronic accents layered in. He cites Ed Sheeran's acoustic-pop songwriting and Jon Bellion's hip-hop-inflected production among his main influences.
